

TRP Explanation:

The TRP (Tuition Reduction Program) is not on the FACTS website. The program is now called Raise Right and you sign up by going to raiseright.com and set up your personal username and password. You will need Heritage Christian Academy's enrollment code, which can be obtained by contacting the office.

Once you sign up and *optionally* enter the financial account that your orders will be connected to, RaiseRight will deposit 2 very small transactions to that account. You will be asked to verify that you received those transactions on your account and receive a verification code. Once that code is entered on your account you are good to go and start earning tuition credits.

If you are uncomfortable putting your bank information online, we still take physical checks, have physical forms and order physical cards through the office. It takes a lot longer to earn credits, but a few people still do it that way. A big disadvantage is that you cannot reload cards to use as you are ordering from Amazon, or for groceries -- you have to wait to receive a physical card. If you have your financial information entered and verified, you can reload a card in a few seconds and earn credits immediately for use, sometimes right from your smartphone if you have the Raise Right app on your phone. For example, you go out to eat with a bunch of people at Red Robin and you know you can get an 11% rebate for paying with a TRP gift card - you can purchase the gift card from your phone, show the gift card on your phone to the wait staff and receive the credit.

If you choose order physical cards, (either online or here at school with a paper form and a personal check) our coordinator puts those orders in on Tuesday afternoons and the cards are delivered to the school the following week. In the summertime that usually happens **every other** week. There is an option to have the cards delivered directly to your home, but there is a charge (and a risk of theft from your mailbox, as they are like cash) in choosing that method.
